Erratum

Following publication of this article [1], it has come to our attention that the incorrect version of the manuscript was published. In this incorrect version, the title of the article has been updated to “Education in wound care: Curricula for doctors and nurses, and experiences from the German wound healing society ICW”. The author affiliations in the Frontmatter were also captured incorrectly as “¹Gemeinschaftspraxis Bramfeld, Bramfelder Chaussee 200, Hamburg 22177, Germany. ²Akademische Lehr—und Forschungspraxis, der Universität Hamburg, Hamburg, Germany” however, instead should only be “¹Gemeinschaftspraxis Bramfeld, Bramfelder Chaussee 200, Hamburg 22177, Germany”. Furthermore, the abbreviations and author’s information was captured incorrectly, and references section was missed in the article, which should have included the following:

Abbreviations

DFS, Diabetic foot syndrome; ICW, Initiative Chronische Wunden; TÜV, Technischer Überwachungsverein

Competing interests

The author declares that he has no competing interests

Author’s information
